

Mucuna

Mucuna (velvet bean) is an Ayurvedic herb used for the management of male infertility, nervous disorders, and also as an aphrodisiac. Its seeds, rich in Levo-Dopa are of substantial medicinal importance and have been shown to have anti-parkinson and neuroprotective effects, which may be related to its anti-oxidant activity. Dolcas Botanosys manufactures a wide range of Mucuna extracts at its state-of-the-art manufacturing facilities in India.
