

DOLCAS BOTANOSYS, born in the land of the 'Ayurveda' and armed with cutting edge technology seeks to bridge the gap between traditional remedies and modern science-driven technology. While innovation drives us, high-quality remains our hallmark. As a responsible, quality oriented supplier of **Standardized Herbal Extracts & Nutraceutical Ingredients**, we firmly believe in forging close ties with our customers, understanding their business and partnering their growth.

The Technology: We are proud of our state of the art manufacturing facility spread out over 5 acres of pristine pollution-free environs and backed by a modern QC laboratory with some of the most sophisticated equipments including HPLC and UV-Spectrophotometer in place. Our GMP Systems ensure product integrity and complete batch to batch traceability.

The People: With a team of experienced scientist and dedicated technocrats at the helm of operations we have rolled up our sleeves to provide innovative, efficacious products with gram to gram consistency.

The Products: We have the knowledge base and capabilities to process over 400 Standardized Herbal Extracts, core ones are :
